

For President:
RUTHERFORD B. HAYES,
OF OHIO.
For Vice President:
WILLIAM A. WHEELER,
OF NEW YORK.

THE GOOD TIME COMING.

The general sentiment of the country has been expressed concerning the nomination of Hayes and Wheeler by the Republicans. From one end of the land to the other the most favorable comment has been elicited, and in such a clear and unmistakable manner, as to indicate defeat for the Democratic candidates, no matter whom the St. Louis Convention shall select. Standing upon such a noble platform as they do, we easily foresee that Hayes and Wheeler are destined to be at the head of the Government for the next four years. The people feel that in their hands the country will be safe, added to which, recognizing the fact that a restoration to power of the Democrats would be a national calamity, they will more arouse from that indifference to public affairs into which they had relapsed, and putting their shoulder to the wheel do noble service in perpetuating the party of patriotism, and annihilating those whose hands were raised in treason to destroy it, confident that in the future as in the past the Republican party is fit to be trusted, for it has been tried, and whatever may be the opinion regarding its error, we firmly believe that public opinion has settled down to the conviction that no party can understandingly better solve the great and immediate questions of the present and future than that party which passed through the conflict out of which they grew. In the selection of Hayes and Wheeler they given continued evidence of their ability to rise equal to every emergency. The people will reward such action by giving them their love and affection, knowing full well their confidence will never be betrayed.

BRISTOW'S RESIGNATION.

We regret exceedingly that Mr. Bristow is to retire from the Cabinet. It is an unfortunate circumstance for any country to lose the services of such a faithful servant as Mr. Bristow has proven himself to be. During his brief regime of the Treasury Department he has done much to purve the public service of dishonest officials, and clearly shown that it is far easier for a man to perform his duty than to neglect it. If President Grant had always been surrounded by such capable officials the Republican party would not now be compelled to apologize for some of the acts of the Administration. The retirement of Bristow, no matter from what reason or cause, is a loss to the country, and one which will be greatly deplored by all who have admired his successful efforts to bring about an honest and economical administration of the Treasury Department. With Gov. Hayes' elevation to the Presidency, we look for the retention in office for the retention in office of the Bristow kind of men, and we fully believe that President Hayes will call upon Mr. Bristow to resume his former honorable position in the Cabinet.

The Idaho mines are turning out air quantities of ore, and the mills are again in operation. All the Idaho stocks are selling at very low figures, an indication that confidence has not been restored. Some good work must first be performed before the public will invest.

The first number of the *Local News* was issued in Pioche, June 13, Mark W. Musgrove, editor. It is the intention of the publishers to issue it every evening. It will take no part in politics, but be devoted entirely to local news.

A Paris correspondent reports that Georges Sand died in great pain, which caused her to writhe and shriek.

Although Governor Hayes was not the first choice of the Republicans of the Pacific Coast, yet he will be regarded as a strong candidate and his nomination will cause no disaffection in the ranks of our party. He has often run for office and has never been beaten. His past record is in accord with the principles laid down in the platform. On the financial and school questions, the vital issues of the campaign, he is sound as a dollar.—*Elko Post*.

With such a name at the head of our ticket the party of equal rights, of the Union, of honest payment of every obligation and hard money, enters into the fight with the most brilliant prospect of an overwhelming victory—such a victory as shall not leave a grease spot of Calhounism. Gov. Hayes represents the very best element of the Republican party.—*Winnemucca Register*.

Governor Hayes of Ohio for President of the United States. We believe him to be an able and popular man, acceptable to the party, and that he will be elected.—*Carson Appeal*.

The Republican team ought to be a strong one. They've got a good leader and a good Wheeler. We cheerfully hoist the name of Governor Hayes as our candidate.—*Carson Tribune*.

The ticket, however, is upon the whole a good one, and it behooves the members of the St. Louis Convention to put forward their best men, for they have not the easy fight which they would have had in the event of the nomination of Blaine, Conkling or Morton.—*Eureka Sentinel*.

In some respects he is a stronger candidate than Blaine would have been. While not possessing Blaine's magnetism, resources or talents, he has the advantage in possessing a clear record. The sentiment of those Republicans with whom we have conversed in this city is that it is a good nomination.—*Austin Reveille*.

Hayes and Wheeler both have the qualities now most in demand—integrity of character and high executive ability. We believe the Cincinnati convention have nominated the next President and Vice President of the United States.—*Reno Gazette*.

Success Sure.

There is one plank in the National Republican Platform that, were there nothing else to build hopes on, would be like the rock on which the church is built, and against which no power can prevail. We refer to the seventh plank, which is an endorsement of the public school system and a declaration that school funds must be forever kept secure from sectarian influence. This is the line to fight it out on, and fight the people will to the bitter end if needs be. The idea of inserting this plank was well conceived, for without it the old party would have been left open to the attacks of its enemies, while it is now such a tower of strength that by no possible means can the party suffer defeat. In the ranks of the Democracy can be found all those who favor the division of the public school funds, whilst on the other hand are hundreds of thousands who would rather sacrifice all their possessions and their lives if necessary than that one dollar of the school funds shall be appropriated for sectarian purposes. It was time this matter was brought to an issue, and the thanks of the whole country are due the convention for introducing it at this time. Public feeling is ripe for the consideration of this matter, and the people would not have been satisfied unless it had been made an issue. That plank in the national platform will rally to the Republican standard thousands of good Union-loving Democrats that under other circumstances might have supported their own ticket. So hurrah for the seventh plank in the platform.—*Carson Tribune*.

The last weekly review of the Comstock mines by the Gold Hills *News* contains a brief reference to over fifty mines in active operation on that Lode. Very few of the mines, however are producing ore. The daily yield of the ore bearing mines is as follows:

Tons	Tons
Belcher.....400	Crown Point.....150
California.....360	Justice.....120
Chollar-Potosi.....120	Ophir.....300
Cou Virginia.....500	Overman.....30
Total.....1,970	

The Justice has only recently commenced turning out ore, which is said to contain over 50 per cent gold, and great hopes are expressed concerning the mine by the large owners. The principal activity about the Gould & Curry, Hale & Norcross and Savage mines is on the surface, and consist in the erection of immense hoisting machinery, while deep level work, and plenty of it, characterizes the Alps, Consolidated Imperial and Yellow Jacket mines.

The Prince of Wales weighs only one hundred and fifty-eight pounds, and yet when he goes to bed with the headache all England trembles.

EASTERN DISPATCHES.

Our Next Vice President Speaks.
New York, June 19.

Wm. A. Wheeler was serenaded at Garrison's Landing, New York, last evening. He is stopping there temporarily, being a member of the Board of Visitors at the West Point Military Academy. A torchlight procession and a band stopped under his window. He immediately appeared on the balcony and said: "I thank you gentlemen for the congratulations for the honor which is as unexpected to you as to myself, and which has certainly not been sought for by me. I was not oblivious of the fact that my name had been mentioned by warm friends who desired my success, but I neither looked nor hoped for such overwhelming evidence of the convention's favor. But I have been a soldier in the Republican ranks too long, and have enjoyed its confidence too much, not to be aware of the high responsibility which accompanies that confidence. To be nominated in times like these by a great party which, despite its occasional short comings, represent in its fullest extent the intelligence, the patriotism and the conscience of the country, is indeed an honor. The so-called tidal wave of '74 which swept the Democratic party into power in the Lower House of Congress, has resulted in demonstrating to the American people the utter unfitness of that party for every one of the duties required of it. For the past seven months the Democratic majority in the House of Representatives has been on trial before the nation, and the nation is now ready to render its fully matured verdict. The Democratic party has always been false to its promises, false to its duties, and false to its opportunities for reform, which were presented to it. It is to the Republican party that we to-day are indebted for the privilege of celebrating the one hundredth anniversary of our independence, and it is to the same noble party that we intend to consign the Government in the future. I do not doubt, gentlemen, that in the coming canvass we shall achieve a splendid triumph. With that honored soldier and patriotic citizen, Governor Hayes, at our head, and the entire Republican party of all shades and opinions supporting him, we have but to do our duty as honest voters and good citizens, and victory is ours again. Gentlemen, I thank you for this manifestation of your approval of the convention's work."

THE PLATFORM.—The harmonizing of whatever conflicting elements that might have produced disaster to the Republican party, resulted in the adoption of a platform of principles so sound, liberal and comprehensive that every true Republican in the country can heartily endorse and support it. Read it carefully and say, if you can in what it is lacking.

No. 1, Curry Co. No. 2 and Swift Co. No. 3, each to have a donation of \$50 to defray the expenses of decoration and participating in the celebration. Theater Hall has been selected for the exercises of the day and for the party in the evening. Messrs. Moore & Parker donating the same. The Union Society of Soldiers in Virginia have been invited to join in the celebration there, and assurances (unofficial) have been given to the Committee that they will be there to the number of one hundred at least. The Society numbers about 150.

UP, AND BE DOING.—There is considerable talk about organizing Republican clubs in Reno and other places in the county for the approaching campaign. This is a good idea, and one which, if properly carried out, will result in great benefit to the party. In union is strength. Republicans cannot too soon commence to close up their ranks and thoroughly organize for the victory that awaits them if they are united and harmonious.

LOST.—A gold cornelian locket, containing pictures of C. C. Powning and brother; also a blue ball locket containing lock of hair; and a small piece of bullion, all attached to a piece of gold chain. The finder will be suitably rewarded by returning to Mr. Powning, at this office.

PRISON CLAIMS.—All persons having claims against the Nevada State Prison of contractor will find an advertisement of value them under the proper heading.

WANTED.—A girl to do general housework can find a good situation by applying to R. M. Stiles, Brown's Station. See advertisement.

RENO LIBRARY.—From the report of M. H. Morris, Secretary, we gather some interesting statistics concerning this local institution, from which it appears that the total number of members is 202, four having withdrawn. Since its inception the total receipts have been \$1,105, and the disbursements during the same period aggregate the sum of \$1,100.15, leaving a balance on hand of \$4.85. The Club have assets amounting to \$550. Those delinquent members who have not settled ought to be ashamed of themselves.

The Club proceeded to the election of officers for the ensuing term, which resulted as follows: J. B. Williams, President; H. H. Hogan and W. M. Boardman, Vice Presidents; J. F. Alexander, Secretary; J. H. Kinkead, Treasurer, and H. L. Fish, J. S. Bowker, and D. Boie as the Library Committee, and N. W. Roff, W. H. Getchell and Isaac Chamberlain as the Committee on Entertainment.

HORRIBLE ACCIDENT.—Last evening about 6 o'clock C. P. engine, No. 200, run over Robt. W. Munson, near the water tank, below the depot, inflicting injuries which, though not necessarily fatal, will make him a cripple for life. His right leg, below the knee, will have to be amputated, and Dr. Bergman will perform the operation at the county hospital this forenoon. Munson's face and his right side were also considerably bruised. The gentleman referred to has been a local celebrity to the town for four or five years, and is familiarly known as "Deaf Muns," from the fact of his having lost his hearing. But for this he would not have met with the accident related, for the engineer of 200 saw him on the track and rang the bell and blew the whistle, but poor old Muns could not hear the sounds of danger. We trust that the Central Pacific Railroad will show that corporations have souls by providing for this now doubly unfortunate man.

ANNUAL ELECTION.—The annual meeting of the Nevada Quicksilver Co. was held yesterday, and W. R. Chamberlain, C. T. Bender, J. H. Kinkead, J. E. Simpson and B. B. Norton were elected Trustees for the ensuing year. Subsequently W. R. Chamberlain was elected President; B. B. Norton, Vice President, and C. T. Bender, Secretary and Treasurer, of the Company.

THE INDIAN CASE.—Judge Gilson had a benefit yesterday. The Indian outrage case was the attraction and a large crowd put in an appearance. James Monahan and Henry Ebers proved an *alibi* and were acquitted. The others were sent back to jail, and the case continued for ten days, to enable the procurance of important testimony.

SURR BROUGHT.—George Winters and J. G. Looper, of Reno, says the Winnemucca Register, brought suit in the Humboldt District Court against E. Weimers, of that county, to recover the sum of \$500, alleged to be due them from defendant.

A LITTLE daughter of Harvey Tompkins had a narrow escape from being drowned in the English Ditch on Sunday. She was rescued by the brave little boy of A. C. McFarlin. We don't want that ditch to swallow up any more little ones.

LIVELY.—Our streets look lively, especially in the evenings. It has often been remarked by many, and the query has gone forth "where do all the people come from?"

THIEVES AROUND.—B. B. Norton's house was broken into Sunday afternoon and but for the timely interposition of a neighbor many valuables might have been stolen. "A word to the wise, etc."

FUNERAL.—The remains of A. C. Davis, fire watchman at Mackey-Fair's mill, who died suddenly night before last of inflammation of the bowels, were brought to Reno yesterday, and interred.

ASSESSMENT.—An assessment of one cent per share has been levied by the Nevada Quicksilver Co. See official notice in our advertising columns.

SNEAKS.—There are several suspicious tramps in town. We wouldn't be surprised to hear that Goli will soon commence operations in Reno.

ESTRAY NOTICE.—E. C. Sessions publishes an estray notice in another column. See if it interests you.

CON. POE.—This company have more ore on hand than they know what to do with. Manager Webster informed us last evening that the mill was full to overflowing, the dumps were all full, the chutes too, and consequently as a measure of economy work in the mine had been temporarily discontinued. The mill, however, is running night and day, and everything in and about it working splendidly. Work on the mine will be resumed next week. Every part of it is in excellent shape, and the face of all the drifts and stopes in high grade ore.

CHINESE TROUBLE.—Last Sunday night a number of men supposed to belong to the Caucasian League set fire to a Chinese cabin occupied by three Chinamen, about a mile north of Truckee. As the Chinamen ran out of the cabin they were instantly fired upon by the mob, one being killed instantly and another seriously wounded. About forty shots are reported to have been fired.

TARANTULA.—The latest novelty around town is Harry Noyes'. He calls it a tarantula. It's after the style of a ten pin alley, though not on as large a scale. It is intended for the use of the patrons of the house. We intend to play Dave McFarland for the championship.

THE MERRY MAKERS.—This talented troupe gave a splendid performance last evening, which was witnessed by an appreciative audience. The Co. play next in Winnemucca. We assure those folks that a rich treat is in store for them.

FOR SALE.—A span of draft mares. One six and the other eight years of age, and sound in all respects. Weigh 1,300. Inquire of John Hoy.*

HELLOA Mary, where are you going? Why Alice, I am going where everybody goes, to the Great Flying Gallery to have my pictures taken. Wait one minute, until I take down my crimps, and don my pull-back, and I will go with you.

For the best pictures, go to Kemp's Flying Gallery.

The only place to get good pictures—at Kemp's Great Flying Gallery.
